

**D. Pearler 980**

An ET bred poll sire, son of Charinga Pearler and his dam(587) is a purple Mandalay blood, pure poll ewe. Retained by Orrie Cowie for stud breeding. A well-structured ram with magnificent crimped medium wool, with wool cutting ability in the elite of the whole merino industry. Heavily nourished and well-muscled. He cut 12.3kg wool with only 7mth wool growth, shedded. An ET sister was Grand Champion Fine Wool Ewe at Adelaide 2015 and cut 14.5kgs of 19 $\mu$  wool. Four daughters are in the 2017 show team.

**E. 09 Stars**

this features a syndicate of most of the new poll flyers for 2009, including Belka Valley Max, Expo, Radnor and Pimbena

*Belka Valley Max*

***Semen is available from most of these top sires with outstanding performance records.  
There are also ASBV figures available from the MerinoSelect website.***

**F. Star Affair family**

bred from the original Banavie Star Affair family.

**SA 175** bred by East Mundulla WA. Sire SA082, dam EM Olympic 33.5. along-bodied ram, deep with good stance and feet, and elite quality wool. Used successfully at Orrie Cowie has bred:

Son **OC Monte 0.1** born April/May 2000. Reserve Grand Champion Medium Wool Ram at Bendigo 2001 and Champion autumn Shorn Ram Adelaide 2001, weighing 107kg with lamb's teeth, carrying a brilliant nourished medium wool. 4y.o. tests : 18.5 $\mu$  FD, 20.0% CV and 99.1% CF. Sire of:

**OC George 5.088**

**GEOC** is a syndicate of **George** and **Exceller160**, syndicated for their exceptional wool qualities.

OC Monte 0.1 , taken 2003 by Terry Grenville

**OC Star Affair 101** who bred

**OC Star Affair 102 (Nexus)** dam Willemenup Churchill 16 R351(ET bred, DOB June 15 2012) - a big barrel, heavy bone, neatly finished poll ram with an open head and face. His very wide correct stance and incredible growth rate are his outstanding features. He also has a very soft, appealing medium wool growing free off the skin. Tests (July 2013 by AWTA): 19.2 $\mu$  FD, 3.0 $\mu$  SD, 15.9% CV, 99% CF. Only 9 mo in photo

OC Nexus, taken at Burra 2013

**OC Star Affair 039** born 2010. Magnificent white fleece measuring 18.5  $\mu$  FD and an amazing 160mm SL for 13 mths wool growth (shear twice a year!).

**OC 8.5** a huge, well-balanced merino sire carrying brilliant white deep-crimping wool and breeding exceptionally well.

**G. CV Majestic 439**

A Collinsville ram, son of Collinsville Majestic 1080 – an outstanding sire purchased by the Sherwood stud for \$30,000. The rams bred at Orrie Cowie are big, well-structured, featuring quality wools and clean faces. He has sired **OC Maj 525** (born August 2009) who has a deeply –crimped bright long-stapled fleece. He cut 16kg wool at 10 months growth. Tests (June 2011): 19.6 $\mu$  FD, 3.7 $\mu$  SD, 19.3% CV, 99.2% CF and weighed 129kg.

**OC Duke (122510)** (born April/May 2012) – son of OC Maj525, a very easy to select as a stud poll sire, with a near perfect quality fleece of wool, appealing for its brilliance, softness, boldness of crimp and heavy-cutting on a plain body. Test (July 2013 AWTA) : 19.5 $\mu$  FD, 3.2 $\mu$  SD, 16.3% CV, 99.3% FD

**H. CV Imperial 771**

a very successful Collinsville sire used at Orrie Cowie by AI to breed big productive ewes.

Bred : **V8 Supercar**

(2012 ET drop) a poll with crimped, rich, medium wool bred by West Plains Poll and used widely in Australia. Sire: CV Imperial 771, dam : West Plains Expo daughter. An OC son sold for \$6,000 in 2016. He has a daughter in the 2017 show team.

I. **Nepowie 16**

ET bred in 2008 and purchased from Nepowie Stud, WA in 2009 for \$16,000. He has been used with huge success both at Orrie Cowie and in major studs elsewhere. Superb poll factor and heavy bone with a thick locky white 58's wool. Grew to 160kg as a 2½ y.o. He is breeding outstanding scale, structure and early rapid growth rate. We have sold many top-priced sale rams bred from this great sire including two sons to NZ in 2015 for \$10,000 and \$12,000 each. Semen available.

■ Nepowie 16, just one of the impressive sires introduced into the Orrie Cowie breeding program in the past two years to boost Poll Merino genetic options.

Bred: **OC Nepowie 127675** retained at stud

Bred **OC Adam (ET127716)** (Sept/Oct 2011 drop) exceptionally white and pure around the head with a brilliant white fleece of deeply crimped wool. Tests (Feb 2013 by Lazerline): 21.5µ FD, 3.6µ SD, 16.9% CV, 98.4% FD, 128kg BW.

J. **Ralph (ET 127593)**

a poll sire bred from a well-fleshed Ridgeway Advance ram. An extremely well-structured ram carrying a lovely nourished white medium wool. Sold to WA stud. His progeny have good length of body and the grandsons are consistently good with Orrie Cowie wools.

K. **McLeod**

is a big, perfectly structured merino ram with a punchy 58's wool. Purchsed from Kamballie stud in WA for \$7,200. Sired by Barloo Impact in 2012 out of a Woodyarrup ewe. He has bred: **OC McLeod 968** – a top young poll sire with fantastic structure and doing-ability, carrying a lovely medium, nourished white wool and breeding some interesting progeny.

**O. Rudi (Red 921)**

Born April/May 2000, AI bred from East Mundulla Duggan and sold to Trevoise Stud WA in July 2001. He had outstanding make and shape. Was judged Junior Champion Ram at Bendigo in 2001 while 14m.o.Test (August 2001): 20.6 $\mu$  FD, 12.5% CV, 99.7% FD, 97.5kg at 9m.o.
