

C. OC Prince 603

A real sire of influence and semen is still available, use is highly recommended. He was well-bred (see page 13a/b/c), sold on-property for \$12,000 and made a big impact in the Radnor Stud, breeding them amongst many other top rams and ewe replacements, the Autumn shorn Grand champion Ram at Royal Adelaide show 2013.

This ram and his sire, **Prince 062534** (see page 13d) was used in numerous top studs with very good results and continues to be an important AI sire here at Orrie Cowie, where many top sale rams have been offered. Prince 603's grandfather (OC Napoleon 116) sold on-property for \$17,500 in 2003 (see page 13e). His semen should also be used if you want scale and wool cut on an uncomplicated huge sire (see page 13 a/b/c).

*Semen is available from most of these top sires with outstanding performance records.
There are also ASBV figures available from the MerinoSelect website.*
