### STUD MASTER'S COMMENTS

The sons of Titan are generally much larger than other rams in the same drop. Many have excelled on ASBV's as trait leaders, especially as dual purpose sires. Refer the SGA website. There are 13 sons for sale at auction (from 39 ewes mated – all daughters have been retained in stud)

*Titan is a big upstanding, well-structured, almost fault-free pure poll sire. He carries near perfect white, deeply crimped medium wool of fine lock and heavy nourishment.*

*Titan was sold at the Dubbo National for \$25,000.*

*His sire Regal 056 is a poll bred at Orrie Cowie from the Grand Champion Autumn shorn ram in Adelaide, bred and exhibited by Mangala Stud and sold to Orrie Cowie and East Mundulla for \$25,000. Regal 056 is a very big ram with quality nourished medium to bolder crimping wool.*

**A1 SEMEN AVAILABLE from “TITAN” @ \$40/dose (Minimum 50 doses)**
